**Our Mission:**

The Maine Coalition to End Domestic Violence (MCEDV) mobilizes collaborative community action with and on behalf of a statewide network of Domestic Violence Resource Centers to ensure that all people affected by domestic abuse and violence in Maine are restored to safety and that perpetrators are held accountable. MCEDV builds partnerships that promote public policy, education, and systems advocacy to create and encourage a social, political, and economic environment that fosters communities where the diversity, dignity, and contributions of all are respected and celebrated, and domestic abuse and violence no longer exist.

Programs of MCEdV across the state offer the support and services, as well as the encouragement and hope that victims of domestic violence, dating violence, stalking, elder abuse, and commercial sex trafficking need. MCEdV provides assistance to these programs through grant administration, technical assistance and training.

MCEdV and local programs collaborate with Maine's Civil & Criminal Justice systems and social service providers to support systems change on behalf of survivors of domestic violence and to hold batterers accountable.

MCEdV is committed to preventing domestic violence, dating violence, stalking, elder abuse, and commercial sex trafficking. MCEdV provides a range of training and education options for the public, employers, the media and educators.

MCEdV works with the legislature and state agencies to inform policies that are responsive to victims and survivors of domestic violence. MCEdV encourages and represents the voices of survivors in ongoing statewide dialogue.

Programs of MCEdV provide these services to victims, their families and the community:

- 24-Hour Helpline
- Temporary Emergency Shelter and Transitional Housing
