Our Mission:

The Maine Coalition to End Domestic Violence (MCEDV) mobilizes collaborative community action with and on behalf of a statewide network of Domestic Violence Resource Centers to ensure that all people affected by domestic abuse and violence in Maine are restored to safety and that perpetrators are held accountable. MCEDV builds partnerships that promote public policy, education, and systems advocacy to create and encourage a social, political, and economic environment that fosters communities where the diversity, dignity, and contributions of all are respected and celebrated, and domestic abuse and violence no longer exist.

MCEDV's member programs offer support, services, encouragement and hope for people experiencing domestic abuse, dating violence, stalking, elder abuse, and commercial sex trafficking. MCEDV supports these programs through grant administration, technical assistance and training.

MCEDV and local programs collaborate with Maine's systems, institutions and service providers to improve their responses to survivors of domestic abuse and to help them hold people who abuse accountable.

MCEDV is committed to preventing abuse and violence. We provide a range of training and education options for employers, health care workers, social service providers, the media, and others working with people who experience or perpetrate domestic abuse.

MCEDV works with the legislature and state agencies to inform policies that are responsive to victims and survivors of domestic violence. We encourage and represent the voices of survivors in ongoing statewide dialogue.

Programs of MCEDV provide these services to victims, their families and the community:

- 24-Hour Helpline
- Safety Planning
- Legal Advocacy
- Sheltering and Housing
- Support Groups
- Community Education
- Prevention Education
- Domestic Violence/Child Protective Services Advocacy

Connecting people, creating frameworks for change.
