Advocates spent over 22,000 hours working with people affected by DV from January-March.

There is a 16% increase in the total number of people served from last year.

Regional Domestic Violence Resource Center Data

DVRC service data remains fairly consistent quarter to quarter, and we are now past pre-pandemic numbers for total people served. During the pandemic, more people contacted us electronically and that trend continues even as face-to-face contacts are rebounding.
