Advocates spent close to 23,000 hours working with people affected by DV from April-June, an increase of 9% from this quarter last year.

There is a 16% increase in the total number of people served compared to the same quarter last year, consistent with the increase we saw last quarter.

## Regional Domestic Violence Resource Center Data

DVRC service data remains fairly consistent quarter to quarter, and we are now past pre-pandemic numbers for total people served. During the pandemic, more people contacted us electronically and that trend continues, even as face-to-face contacts are rebounding.
